## Is Your Sleepwear Out of Fashion?

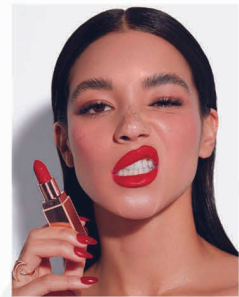

This question seems bizarre to some. What does it mean to be “out of fashion” when going to sleep? “I just wear a big oversized sweatshirt and call it a night”, some say. However, sleepwear is being brought to a higher level. With many luxurious brands such as Lunya and Net-a-Porter coming out with beautiful pajama designs, you may soon feel going to sleep is like walking a runway!

Pajamas are all about comfort, which is what these brands prioritize, yet keeping it chic is not too far down the list. Other brands that may appeal to some would be J. Crew and Skims, both which offer a lovely and comfortable selection of loungewear.

## A Red Lip

Classy and bold, red lips never get old! During the Christmas season, don't let this beautiful shade slip away. Red lipstick has been a staple for many years and is a must-wear during the holiday season. Red is a color that will always have people looking twice! Rock the red lips around the Christmas tree this year!

## Winter White

The time for stunning winter white is back again! The beautiful bright white is front and center in decor and fashion. From white Christmas trees to white winter boots, the winter white is show-stopping! Christmas is truly the most wonderful time of the year and the beauty of winter white simply adds to it!

## Vintage Christmas Decor

Nostalgic Christmas decor has been showing up in many homes and stores this season. Vintage ornaments, Santas, and candlesticks are some examples of a perfect way to add an old, yet new-to-you feel to your home. Maybe a piece of decor that reminds you of Christmas when you were younger would be a way to make your Christmas feel just a little cozier and closer to heart. This classic twist on decor is something people are loving as it gives a sentimental ambience to your home. Go down memory lane with your Christmas decor this year.

Give Back

## Trilogy Giving Tree

'Tis' the season of giving! As exciting as it can be to receive gifts for Christmas, Trilogy enjoys the gift of giving. This Christmas, Trilogy will be having a Giving Tree.

The Trilogy Giving Tree is meant to be an easy way to give back to those who have sacrificed for us, namely our Veterans. We are working alongside "Veteran's Coat Drive" to give back to those who have given their all for us. Though it seems hard for us to fully express our gratitude,

Trilogy is helping by presenting the opportunity to simply donate a new or gently-used coat to this organization. In return, you will be able to choose one item from the Trilogy Giving Tree. We are so excited for this opportunity and cannot wait to share the excitement with you

## Minitox and PRF Injections

What is all the hype around our Minitox and PRF Injections? Keep reading to find out why you do not want to pass up these treatments.

### MINITOX

Minitox, also known as Microtox, is a treatment that lifts and firms the skin. This technique can also reduce pore size, skin redness, as well as tighten up those fine lines and wrinkles. This is a non-invasive treatment that can result in similar benefits that comes with Botox. Minitox is injected just below the skin's surface, whereas Botox is injected into the muscle itself.

### PRF INJECTIONS

The PRF Injection is a new and improved way to rejuvenate the skin. These injections work to smooth the skin, reducing visible lines and wrinkles. PRF Injections are platelet-rich fibrin that can heal the body's natural tissue. This treatment is perfect for those who are looking for a natural, non-surgical way to reduce lines and improve skin health.

In conclusion, these treatments are an incredible way to firm and rejuvenate your skin. Call now to schedule your Minitox and PRF Injection treatments!
