### ACCESSORIZE YOUR WAIST

Body chains and body jewelry have been worn by celebrities for years — think Amanda Bynes, Christina Aguilera, and Britney Spears. More recently, other celebs have been donning body chains as the perfect accessories for their current looks.

The Choker style body chain is a sexy body chain in the choker-necklace style with a glamorous-looking twist. This style of body chain offers the wearer a variety of styling options, and it often features an ornamental clasp at the front and a more minimalist design at the back.

Beach lovers, festival goers, club-goers, and fashionistas alike can wear body chains to make a simple outfit even more stunning. The design you choose depends on your personal style as body chains come in a wide range of designs and materials. What's important is that it puts your own unique touch on the look you like, so you can feel as sexy and confident as your favorite style icons!

## Knitwear for the Warmer Weather

Knitwear may seem counterintuitive to wear in the summer, but when done correctly, it can be an overall fascinating look. Knit or crochet stitching can give an outfit a lot of texture. Regardless of its aesthetic quality, anything knit is guaranteed to be comfy, which is always a plus.

A cut-out dress is a perfect way to beat the summer heat. It's stylish and practical, and of course, super Instagram-worthy. The Serita is a woven knit maxi dress with cutouts that shape your figure and draw more attention to the small of your waist. The quality and feel are assured to be excellent because the weight of the knit fabric is just right, and the craftsmanship is flawless. Keep it natural by pairing it with your favorite beach bag, a simple sandal, or even bare feet, and you'll be set for a night of beach dancing.

### SPICE UP YOUR HAIR

The spiky bun has been in vogue for a while, but it continues to hold a coveted seat at the top of the trends list for 2022. The hairstyle is as simple as it sounds — a bun at the crown of your head, with the tips of your hair poking out. We can credit its popularity today to celebrities like Bella Hadid, Kendall Jenner, Olivia Rodriguez, and several others, who have been spotted wearing the style to red carpet events and fashion shows.

To accomplish the spiky bun at home, you only need a brush, a hair tie, and hairspray. Follow the procedure you would normally do for a bun — just pay special attention to the tips as you tie your hair up.

# All Things Mom

## Dear Moms,

The love of a mother is unconditional. We realize the meaning of unconditional love when we see a mother's eyes for her child. Mother's love is a profound, all-encompassing, all-accepting, nourishing, warm, safe, and supportive love that comforts the scared and lonely areas inside our hearts. When we are stressed, pressured, uncertain, and feel like we can't handle what's going on in our lives, it is our mother's love that helped us get back to our feet.

Our mothers continually prioritize us, making us the most important person in their lives. It has always been more important to take care of us than anything else. We felt comfortable and secure knowing they were there for us anytime we needed them.

Mothers are undoubtedly important in our lives. They're the ones who brought us into this world, and they're the ones who will see us through whatever life has in store for us. However, we sometimes take them for granted and neglect to express our gratitude. We are so focused on growing up that we forget that our mother is also growing old. That's why it's important to always go back to the deepest part of our hearts and remember how much our mothers sacrificed and fought for us to become the person we are today.

## “A Letter To My Mom-Rhonda”

My mother is a woman like no other. Her strength is unimaginable, and she showers those around with so much love. She has persevered through all the ups and downs.

She gave me life, nurtured me, taught me, helped me, kissed me, but most importantly loved me unconditionally. There are not enough words to describe just how important my mother is to me and what a powerful influence she continues to be.

I am truly blessed for having a mom just like you

Love, Tiff
